

KEEP YOUR PHIX SYSTEM PERFORMING YEAR AFTER YEAR!

PHIX®

CONGRATULATIONS!

You have just purchased a PHIX Cartridge or Gravity system - the best on the market for neutralizing acidic wastewater to levels acceptable under your municipality's sewer use ordinance.

The PHIX Cartridge system is typically installed under your lab sink. The larger PHIX Gravity system is installed in the ground or in a storage area in close proximity to the lab.

PHIX media is an all-natural, non-toxic, non-hazardous material that is proven to outperform limestone by a factor of 5 to 1.
